HKU MBA Highlights

1. Modular Structure
   Both weekday and weekend modes are offered on a modular basis to allow students to focus on studying one course at a time. Each module lasts about five weeks. This structure offers tremendous benefits to students, who may have intensive work commitments in a particular period, and can thus choose not to enroll in that module.

2. Diverse and Contemporary Elective Selection in a flexible schedule
   You will be able to choose electives from a wide range of courses in different business areas. Our MBA electives are often taught by industry practitioners to bring in real-world experience and experienced professors to solidify your management framework. You can further expand your network by taking electives from different taught postgraduate programmes of the Faculty of Business, and Economics to further pursue knowledge of Business Analytics, Marketing, Economics or Finance. Some electives are scheduled in a block mode structure (Friday to Monday) in which you only need to take two days off from work to complete an elective in four consecutive days.

3. Regional Perspective
   Our Asia-Pacific focus will give you a distinct advantage in building your career in the region. The focus on Asia and China business renders the programme highly relevant to the wider region’s dynamic, ever-evolving business environment.

4. Case-Based Approach
   The HKU MBA programme adopts an experiential-learning approach, with the extensive use of business cases that enable students to become effective problem solvers and decision makers. These cases are written by our own professors and are published by our renowned Asia Case Research Centre (www.acrc.org.hk).

5. The London & New York Connection
   There is a possibility for you to spend a semester at London Business School or Columbia Business School which offer great environments for business education along with international exposure.

6. Career Progression Workshop Series
   The Career Progression Workshops are purposely designed for our part-time MBA students to equip them with the competencies required to lead successfully in organisations. Through a series of thought-provoking workshops, students discover how to put what they have learned into practice and fully utilise their leadership and communication talents in the workplace. These workshops may cover the following areas:
   - Resume and Interview Skills Enhancement
   - Executive Presence
   - Collaboration and Positive Relations
   - The Power of Networking for Career Success

7. Business Incubation for Entrepreneurs
   You can test your business idea in our flagship elective module which provides you with opportunities to pursue your passion for entrepreneurship. The aim of this module is to incubate the development and consolidation of business concepts, to seek venture capital and to build a successful startup. You can pursue your entrepreneurial dream by turning the Business Lab into a real startup similar to many successful stories of our MBA alumni.

8. International Field Trip
   International field trip is an elective which helps our students understand business dynamics in different economies. The field trips include visits to companies and institutions to see how different business practices and norm operate in different countries. Opportunities to gain management of such companies will be invited to speak with students to share their businesses insights. In the last two years, we have organised numerous international field trips to Asia, Europe and the US. (Destinations of the field trips may vary year by year)

9. Strong Alumni Network
   More than 220,000 University alumni have spread worldwide representing over 150 nationalities. You can further expand your network regionally and globally.
MBA LIFE & ENGAGEMENT

As a HKU MBA student, you are opened to a range of extra-curricular activities to enrich your overall MBA experience. MBA alumni, business leaders, and senior executives will be invited to interact with students to create opportunities for your personal and career development. Being part of the HKU MBA family, you can continue to participate in our events to further expand your professional networks. These activities include:

- Orientation
