## Course Catalogue and Course Descriptions

To use the course catalogue, students need to choose the desired language in the top right hand corner (de/en) then select «courses» in the search bar and click on «advanced search». Selecting «English» as the language of instruction will then give them a list of all the courses offered in English in a given semester.

## Language of Instruction

German and English. The number of courses offered in English is constantly increasing and TUM offers more than 25 Master’s Programmes entirely conducted in English. Please confirm the language of instruction for your courses of interest.

## Language Proficiency

Proficiency in the language of course instruction is required, that is, German proficiency is required for courses taught in German, while proficiency in English is required for courses taught in English.

While not mandatory for all TUMexchange students, some German proficiency is highly desirable even for students who are only taking courses held in English in order to fully participate in the wider community and student life.

## Language Courses

TUM offers German language courses for international students. For details please see:

## Semester Workload

20 ECTS credits recommended

## Examinations and academic Transcripts

If the examination time does not fit into your study plan at home, be aware that [earlier or extra examinations for exchange students cannot be arranged at TUM](http://www.tum.de/en/studies/application-and-acceptance/dates-and-deadlines/)! Exchange students need to attend the exams on the official examination dates. Examination dates vary between the TUM departments but generally take place between February and March (winter term) and between July and September (summer term). For the exact dates please contact the departmental coordinator.

**Transcripts** can be downloaded online, even after students have left TUM. Students who need to have an original transcript sent to their home institution have to inform their respective TUM department about the relevant address early in advance.

## Recognition of Courses

Questions regarding recognition of the courses students wish to take at TUM need to be answered by the home university.
Accommodation

Accommodation in Munich is scarce and the competition for it is high. TUM International Center gets a very limited number of dormitory offerings with a tutor supervision program (= Service Package) from the Munich Student Union, which are primarily reserved for the ‘TUMexchange’ program participants. If there are enough dormitory rooms for all ‘TUMexchange’ program participants, they automatically receive an e-mail from us with the Service Package offer. If it is not the case due to a high number of students, they will also be informed about it on time and get useful tips for accommodation search on the private market.

Due to the strict rules of the Munich Student Union regarding age limit of the tenants, TUM International Center is not able to offer the Service package dormitory accommodation to any exchange student over the age of 29. However, TUM International Center will assist ‘TUMexchange’ program participants over 29 in the search for other accommodation.

Dormitory rooms of the Munich Student Union are typically furnished single rooms with shared bathrooms and kitchens or furnished single apartments with kitchenettes and private bathrooms. Internet access is included in the monthly rent. Meals are not provided, but there are student cafeterias on all 3 campuses, where lunch is served for reasonable prices. Bed linen and dishes are usually not available.

For exchange students of other mobility programmes like "partner university", faculty agreements or third party programs please see the information under ‘Information for Erasmus, bilateral agreement and exchange students of other mobility programs’, which can be found at the following link:

Orientation Program
TUMI provides an orientation program designed to help students to gain an orientation in Munich. The program takes place during the first two weeks of October (winter term) and the first two weeks of April (summer term). The program is divided into instructional units that are designed not only to help you get through the paper work upon arrival, but also to acquaint you with the cultural offerings in and around Munich.

- Applicants from Non-EU nations normally need a visa to study in Germany. In order to get a visa and the information if they need a visa, they must contact the embassy or consulate of the Federal Republic of Germany in their home country to ask and apply for it. Application for visa is necessary at least 2 months ahead of time. Students cannot travel to Germany on a tourist visa, since this cannot be changed into a student visa! Students that are in Germany on a tourist visa are not entitled to study there.

Full coverage for students is around €90-95 monthly. Travel insurances are not accepted:

In Munich all major credit cards are accepted. However, not all stores accept credit cards; some shops only accept cash payments.
